**THE CALENDAR.**

Thursday, Jan. 2, 1908.  
A light day, shines on every day.  
—Webb—

**THIS DAY IN HISTORY.**  
Brevet abolished in U.S. 1863.

**TIMELY TOPICS.**

Don't forget to write it 1908.

Well, we have sat, drank and eaten many; now let's get up, down to business once more, elect a good Mayor and Council, and make this year ending the best in Burlington history.

These aldermen auditors are going to face the music. Some excellent men are among them, but a good Council, for 1908, it would seem, can be secured. To a way-faring man it would appear that one or two of the candidates are running for exercise, and they will be right on the point next Monday when the jousts are kindled out.

However, it is the great privilege of every citizen who has the price in property qualifications to run for alderman and luck the applicant's gentleness, and may the best men win.

Only five of last year's aldermen will be on the aldermanic hall-carpenter this year. Ald. McCreiden retires after some years of useful service to the city. Ald. Burrows and Thelwell will also retire they were in charge for a year. Ald. Butler gave up the job of Chairman of Parks. Ald. Burrows, Chairman of Light, will let his light shine no longer in that position. The two retiring aldermen are the willingness of the Council Chamber and gave out with them.

Those beautiful new red letter books are now in commission, and collection will now be made from them. So far they have been for argument. Now they'll be for use, too.

In Toronto, things turned out just

**Scott's Emulsion**

aid in nearly all the troubles of the world. Nothing equals it to build up the weak and wasted bodies of young and old.

All Druggists Sell it for \$1.00.

As expected, Three Conservatives and one Liberal were in the field for Mayor, and the Liberal came out of it with a clean sweep.

The Globe poked its editorial pencil into the matter. The Liberal came out of it with a clean sweep. The Liberal came out of it with a clean sweep.

This, from an exchange of editorial comments. Another point to remember is that while Talbot is devoted to the cause of the city's affairs, it is not necessary to select a bunch of aldermen who think in five cent pieces.

It is rather hard to think that, right at the beginning of this glad new year, we are to have that awful Thaw laid over again.

They say the water "waken" led up to the curb yesterday morning, and many good fellows claimed. They say they'll have a long ride.

Look out, you. This is the year year. Walk warily.

Cost thirteen, it is said, have been operating in W. Palestine, and a poor old lady, who wishes for a better looking coat, has been told the said thirteen will get all their things from.

The majority of Mayor-elect Oliver, in Toronto, was 238. A second vote was not taken. It is fairly safe to say that, wherever heads the poll in Burlington, will be filled with a majority slightly smaller than that.

Did you see the old hand coming round the corner? It's no every street there.

See here, young fellow, if you can't swim, don't swim. It's no every street there. It's no every street there.

Mr. W. H. Deane's election card appears in another column. He is a well-known, mild and progressive business man.

A good way to begin the new year is to settle all small accounts that you owe. Another good one is to when you get out of debt keep out of it.

You, it was a pretty quiet New Year's day, but there was a party of some kind. It was a party of some kind. It was a party of some kind.

In Toronto, the other day, a case came before Judge McMillan dealing with a simple matter. The case was \$145 fine on a statue to be, and no fewer than FIVE lawyers appeared for each side.

fellows—like him, it is well known as a good business man, and should be an acquisition to the City Council.

**THE MORNING AFTER.**  
We have feasted on mince pie and we have sung the glad holiday song. But now we'll go back to every-day life. And was fat on mince and plum.

Belleville (Huron) aldermanic candidates are composed of 10 Conservatives and 1 Liberal.

**G. T. R. Officials Are Retired Under New Pension Rules**

Many Prominent Men Received Permanent Holidays on New Year's Day.

Montreal, Jan. 2.—(Special.)—Under the new Grand Trunk pension rules, William McLeod, Superintendent of the C.P. Department, retired after 22 years service, and is succeeded by James O'Brien.

Mr. H. Hoever, General Cat Superintendent, retired after 30 years service, and is succeeded by J. H. McLeod.

Mr. J. H. Hoever, General Cat Superintendent, retired after 30 years service, and is succeeded by J. H. McLeod.

Presented With Silver.

On Tuesday evening, just after the closing of the city council, the employees of the Hibernia Club, who gathered in the large main hall, were presented with a silver service by the club.

On behalf of the employees, Mrs. Hibernia presented a beautiful silver service to the club. The service was presented to the club by the club.

It develops the Power and Ability That is in a Man.

Responsibility is a great power-developer. Responsibility breeds growth. People who are placed through it into responsible positions never develop their own strength. This is because it is impossible to find one reason why it is better to find very strong men and women among those who have spent their lives in subordinating themselves to the needs of others. They go through life comparative weaklings because their power has been used for the benefit of

**Shipped Sailed at Mercy of the Waves For Eight Days.**

A young man came took a boat train for Washington, intending to spend the winter of 1907-8 at the Hotel of the Northern Bay Germanic, where he was to spend the winter. They were picked up in mid-ocean in a terrible condition from exposure, right after their vessel had been abandoned.

The seven men rescued tell a story of fearful suffering. Oblivion to be lost in the middle of a storm which had whirled and opened the sea under the big hills until it was unrecognizable. Their little boat was wrecked helplessly along the waves. The scant store of provisions which they had succeeded in getting together was in constant danger of being ruined by the salt water, and their lack of drinking water became fatal.

For many days they had nothing to drink but rain. The men were nearly dead. They were nearly dead. They were nearly dead. They were nearly dead.

## SUDDEN DEATH OF MR. C. P. HOLTON.

Stroke of Apoplexy Cut Short Life of Much Respected Gentleman Who for Years Had Been Prominent in Business and Religious Circles in the City.

The words of the Good Book, "In the midst of life we are in death," were never more strikingly exemplified than in the case of Mr. C. P. Holton, a well-known and much-respected citizen of this city, who died suddenly on Saturday night last, at his home in this city, and caused universal regret to be expressed. On Saturday night, Mr. Holton had been in his accustomed place; he looked in good state of health; his cheeriness was not abated; the fact that death had come to him literally as a thief in the night, and that he had been in the midst of his life, and that he had been in the midst of his life, and that he had been in the midst of his life.

The late Mr. Holton was, as well known, prominent in religious work in this city, and had last night, as was his custom for years, gone to the City Mission to conduct religious services on the first Sunday of the month. The service was well attended, and Mr. Holton was the center of attention. He was the center of attention, and he was the center of attention.

## Globe's Editor Sent Up for Trial.

But His Reverence is Out on \$500 Bail—Admitted Responsibility.

Toronto, Jan. 6.—(Special)—Rev. J. A. Macdonald, editor of the Globe, was committed to the gaol on four charges of criminal libel, charged by Dr. W. H. Wood, the former registrar of the city of Toronto, and the majority of the city. The charges arose out of articles published in the Globe on Jan. 28 and 30, two of them under the heading "The Real Nobility" and the two others editorial.

Counsel for Mr. Macdonald admitted responsibility on the part of the editor for the publication of these articles.

Mr. Macdonald was admitted to \$500 bail.

**Small Vote and Not Much Interest.**

The civic election today did not cause much excitement in the city. Up to the hour of noon, the majority of the Wards, the vote polled was unusually small. This was accounted for by the fact that the only candidate for Mayor, and an active organization, all the three Wards interested, namely, Power, Henry, and Macdonald, were not interested in the election of School Trustees.

Faithful Presbyterians

Celebrate 53th Birthday.

Interesting accounts and reports made by the members of the Presbyterian church at Belleville, on Sunday, Jan. 5, 1908, it being the 53th anniversary of the church. The Rev. Arthur Stewart, of Toronto, was the guest of honor, and the services were very interesting and impressive. The presiding minister, the Rev. Arthur Stewart, presided at the first of the church services. The church was crowded with members and friends.

## SIX JURYMEN IN BOX

Half of Thew's Judges Have Now Been Sworn.

Two Hundred Additional Witnesses Summoned - Defense Counsel Seeks Surprises - Several by Subpoenaing Prosecution's Expert Witnesses at First Trial - Plan of Campaign for Prisoner's Release.

New York, Jan. 8. - The work of securing a jury for Harry K. Thew's second trial in the killing of Stanford White was half completed, when court adjourned shortly before 11 o'clock last night. The original venire of 200 potential jurors had been exhausted at that hour, and the customary night trial was adjourned. Two hundred additional witnesses have been ordered to report this morning, when the task of searching out satisfactory trial jurors will again be taken up.

The work of service was administered yesterday to three men, making six in all, who have been finally accepted. Three peremptory jurors are to be drawn at the office of the day's session, but they will still submit to the peremptory challenge. By other means of those obligatory removals, the panel which all 12 seats had been filled at 4 o'clock and the remainder of the venire were it subsided. The defense now has secured a jury of 20 chances, and the prosecution eight.

**Reaching Their Appear.**  
The plan of maintaining both a trial panel of 12 men finally accepted for service in the Thew trial. New York courts, and has imposed a fine upon the defense for not having directed eight to keep the panel full. The defense has been ordered to pay the fine.

In the selection of the jury Martin Thew's counsel, the defense, is conducting his examination of the witnesses. The defense is now under subpoena by the defense. The defense is now under subpoena by the defense. The defense is now under subpoena by the defense.

**Spring a Surprise.**  
Thew's attorney yesterday furnished the court with a surprise in the second trial by admitting that several of the expert witnesses who had been subpoenaed by the defense at the first trial, and who declined when Sir Jerome made application for a lunacy order, that in the second trial they would appear.

Thew was so insistent as not to know the nature of the proceedings against him, and was entirely incapable of assisting himself in the selection of the jury. He was now under subpoena by the defense.

They made affidavits that the defense was suffering from an incurable mental infirmity. These affidavits, however, had previously testified on the witness stand, and Sir Jerome's famous hypothetical question as to what was about when he shot and killed Stanford White. This move the defense intended as a block against the prosecution, as the defense is now under subpoena by the defense.

The defense in the present trial is insistent that the jury be killed. The defense is now under subpoena by the defense. The defense is now under subpoena by the defense. The defense is now under subpoena by the defense.

**Interferer in Outcry.**  
Charles H. Hinton, an "interferer" for the prosecution, was yesterday by the defense. The defense is now under subpoena by the defense. The defense is now under subpoena by the defense.

**Doctor Arrested.**  
Winthrop, Jan. 8. - The Crown Attorney's Department, yesterday afternoon from the chief of detectives in Montreal, he had arrested Dr. Marsden for them. Dr. Marsden was arrested for them. Dr. Marsden was arrested for them.

# GILLET'S PERFUME

## CAUTION

Like all good articles, which are extensively advertised, Gillett's Lye is frequently and very closely imitated. In some instances these imitators have copied our directions, and other printed matter word for word.

Be wise, and refuse to purchase these imitation articles, which are never satisfactory.

**Insist On Getting GILLET'S LYE** and decline to accept anything that looks to be an imitation or that is represented to be "just as good." In your experience we have never known an imitation article that has been a success on the market any length of time.

**Eastern Ontario Dairyman Meet.**  
Annual Convention of Big Association Met at Picton Yesterday—President Dargavel Address.

(Picton, Jan. 8.)—The annual convention of the Eastern Ontario Dairyman's Association opened in the town this morning, with an excellent attendance of delegates and dairymen generally.

After the formal opening of the Convention, President John B. Dargavel, M.P.P. for Picton, delivered his address, which was a long and interesting discourse. After his usual congratulatory remarks, President Dargavel said:

We regret to say that the dairy season of 1907, as far as the dairyman is concerned, has been a disappointing one. The exports of both butter and cheese, showed a marked fall off from those of last year, as well as being considerably short of the average of the past few seasons.

The total value of the dairy products exported for 1907 was \$1,000,000, compared with \$1,200,000 for 1906.

The total value of the dairy products exported for 1907 was \$1,000,000, compared with \$1,200,000 for 1906. The dairy industry of Canada is in a very low state of affairs, and the dairyman is in a very low state of affairs.

After discussing the excellent work of the dairy industry, etc., during the past year, Mr. Dargavel said: "I am sure that I voice the opinion of all the dairymen of this association when I say that we are in the hands of the dairy industry of the Dominion, and we are in the hands of the dairy industry of the Dominion."

## TIMELY TOPICS.

Close up. The ice crop may be all right yet.

Seems to be a remarkable fact that no man lives old years and other unpleasant prophecies always arrive on time.

Good thing that old men have not come before election. Some of our candidates might have got beat.

A correspondent writes to know why Al. Thompson would not make a good chairman of Public Works. There's no reason, that we know of.

The idea of talking about hard times when the numbers of nearly every secret society in the city have been having from 100 to 150.

Here there is talk of making Ald. Edward Patterson chairman of Parks. Wouldn't do it. Al. Thompson is not a good chairman of Public Works.

—THE—  
**Watch Store**

For us a Watch conversation is always a pleasure. In the first place, it is a pleasure to have a watch that is reliable, accurate, and attractive; and in the second place, it is a pleasure to have a watch that is a good investment.

With the possible exception of a pretty thing, it is difficult to imagine any article more universally acceptable than a reliable watch. Here \$12 will buy a good watch, and here \$25 will buy a good watch, and here \$50 will buy a good watch, and here \$100 will buy a good watch, and here \$200 will buy a good watch, and here \$500 will buy a good watch, and here \$1000 will buy a good watch, and here \$2000 will buy a good watch, and here \$5000 will buy a good watch, and here \$10000 will buy a good watch, and here \$20000 will buy a good watch, and here \$50000 will buy a good watch, and here \$100000 will buy a good watch, and here \$200000 will buy a good watch, and here \$500000 will buy a good watch, and here \$1000000 will buy a good watch, and here \$2000000 will buy a good watch, and here \$5000000 will buy a good watch, and here \$10000000 will buy a good watch, and here \$20000000 will buy a good watch, and here \$50000000 will buy a good watch, and here \$100000000 will buy a good watch, and here \$200000000 will buy a good watch, and here \$500000000 will buy a good watch, and here \$1000000000 will buy a good watch, and here \$2000000000 will buy a good watch, and here \$5000000000 will buy a good watch, and here \$10000000000 will buy a good watch, and here \$20000000000 will buy a good watch, and here \$50000000000 will buy a good watch, and here \$100000000000 will buy a good watch, and here \$200000000000 will buy a good watch, and here \$500000000000 will buy a good watch, and here \$1000000000000 will buy a good watch, and here \$2000000000000 will buy a good watch, and here \$5000000000000 will buy a good watch, and here \$10000000000000 will buy a good watch, and here \$20000000000000 will buy a good watch, and here \$50000000000000 will buy a good watch, and here \$100000000000000 will buy a good watch, and here \$200000000000000 will buy a good watch, and here \$500000000000000 will buy a good watch, and here \$1000000000000000 will buy a good watch, and here \$2000000000000000 will buy a good watch, and here \$5000000000000000 will buy a good watch, and here \$10000000000000000 will buy a good watch, and here \$20000000000000000 will buy a good watch, and here \$50000000000000000 will buy a good watch, and here \$100000000000000000 will buy a good watch, and here \$200000000000000000 will buy a good watch, and here \$500000000000000

## INAUGURAL MEETING OF CITY COUNCIL --NEW CHAIRMEN APPOINTED--CORBY LIBRARY TO BE TAKEN OVER NEXT MONDAY--THE MAYOR'S ADDRESS.

There was a very good attendance of representatives of the community at the inaugural meeting of the City Council at 10 o'clock this morning, when the inauguration of the new Council was held. The members of the Council of 1908 were present, smiling and happy. Some of them commented on the fact that they were feeling their responsibilities, while others felt that they were not. Mayor McKee, Ald. Ackerman, Reckers, Patterson, Johnson, Miller, Hagerman, Dutton, Thompson and Thomas. They had, the City Clerk said, been duly and legally elected.

**DISCOURSED TO THE CHAIR.**  
His Worship Mayor McKee was escorted to the chair by Ald. Deane and Thomas. There was applause as the new Mayor took the oath of office.

**THE MAYOR'S ADDRESS.**  
The Mayor said he was not there to make promises; people sometimes make more promises than they were able to fulfill. However, he had many suggestions to make. One was that the City should be more united in regard to the great work to be done. Another was that the City should be more united in regard to the work to be done. Another was that the City should be more united in regard to the work to be done.

**SUP AT \$35 A PLATE.**  
Hester has at \$10 a head and Pasant has a rut of twelve head behind him.  
Public health has recently been excited by the fact that a number of people living in London at which twenty-four people were down with cholera and 100,000. Some high class chefs who know how to cook are not so easily deceived as to be led by any tale that was really nothing after all.

The most expensive meat that can be served in London is not more than \$25 for a moderate plate of it for each guest.  
When the fish course is reached in a dinner party, the host is usually obliged to the silver service, made from silver or silver-plated, and from common silverware. There are only two or three silverware in the market at this time, and the price for it is \$20 per piece.

## SCHOOL INSPECTOR HUGHES, OF TORONTO, GAVE ELOQUENT TALK TO A LARGE AUDIENCE LAST NIGHT--NECESSITY OF MANUAL TRAINING WAS HIS THEME.

**Judgment Reserved In Bradshaw Case.**

The New Richmond Technical Education was the subject discussed last evening by Mr. James L. Hughes, School Inspector of the City of Toronto. The speaker made here and the members of the Board of Trade. The meeting was held in the Council Chamber, which was filled to the doors, a number of ladies being present.

Mr. R. J. Graham, President of the Board, occupied the chair, and called upon Mr. Hughes, who at once presented his subject. The address was divided into six parts, each part being taken up in the advocacy of one of these features, which Mr. Hughes proposed to be established in the ideal school. The kindergarten, manual training, technical training, public playgrounds, drill in schools and domestic science for girls. In the course of a pointed and interesting talk, Mr. Hughes said, among other things, that all modern developments in education have resulted from a desire to make the child a more intelligent citizen of the state, and the aim of all modern education is to make the child a more intelligent citizen of the state. He said that the child is a more intelligent citizen of the state, and the aim of all modern education is to make the child a more intelligent citizen of the state.

McDonogh, Pa., Jan. 30.—Miraculously escaping death by cremation or suffocation or being blown to pieces by an explosion, forty miners emerged from the mine.

Without light to guide them, and given up as dead, the men battled for five hours with fire, and when they reached the surface their faces were

blackened, clothes torn and all were severely bruised from stumbling in their flight for safety. Fortunately the mine contained very little gas, or another mine disaster would have

blackened, clothes torn and all were severely bruised from stumbling in their flight. Forty might be seen in the mine contained very little gas, or another mine disaster would have been averted in West Virginia.

The mine was fired some time during the day by a "blowout" shot, and when the fire was discovered at 9 o'clock Saturday night by the forty men all escaped to the surface, though the Monongahela mine was cut off.

Monongahela was a very old mine with its horrible consequences the men started panic-stricken, for the entry at Chas. was a very small one. In their frenzy they stumbled and fell, but only to jump up again and continue on their way.

When the men reached the surface they, possibly a majority of them, were suffering from shock.

A large force of men are brattening on the surface, and the fire, and fire, and it is believed the damage will be small.

TRUE HAPPINESS OF CHRISTIAN

Love of Simple Things—Companionship of Children—Get Right With Jesus Christ—Wayfarers in the Journey—Seeking Divine Guidance—Patient Plodding Ends in Final Triumph.

San Angeles, Cal., Jan. 19.—In this sermon the preacher reveals the secret of the true enjoyment of life and tells us how to escape worry and the thousand and one afflictions that make existence a burden to so many of us. The text is Proverbs iii, 17, "All her paths are peace."

My friend, one of the most positive proofs that a man is not a true Christian is when he does not love the simple things of life. His mind and heart and tastes are cloyed with artificial enjoyments. He is living upon ephemeral stimulants. There is not a night when he has to stay at home that he

**Now Free From Debt.**

At Christ Church last evening the service was of a thanksgiving nature, owing to the fact that the debt which was for many years upon the sacred edifice had been wiped out.

Special prayers of thanksgiving were read and the choir, by Mr. C. A. Hargrave, rendered an appropriate service.

The service was held at the church, which was the first of the kind in this city.

## LOCAL BRANCH OF CHILDREN'S AID SOCIETY APPEALS FOR ASSISTANCE.

More Interest Needed on Part of the General Public, Says Mr. W. W. Knight, the Secretary.

To the Editor of The Intelligencer: Dear Sir:—Will you kindly allow me to appear in your column for an appeal to the public on behalf of the little Children's Aid Society? The objects of the society are: To protect children from cruelty to care and protect neglected, abandoned or orphan children; to provide such children as may be in need of such care and to be educated to the society with suitable homes in private families, and to make over and guard their inheritance and promote their happiness and well-being; to secure the enforcement of laws relating to dependent children, and, generally, to advocate the rights of neglected and abandoned children upon the protection of society.

Shortly these are objects which commend themselves to the sympathy and the active support of all right-minded citizens. It should be distinctly understood that the Children's Aid Society does not permanently remove children from their homes except as a last resort, when all other means of ameliorating their condition have failed. Mr. J. J. Kline, General Superintendent, says: "No organization has done more for children in their homes here than we have. We are a chance of their remaining in their homes and a reasonable opportunity of giving up temptation."

## \$1250 in a Tin Box Causes Litigation Between Relatives.

At the police court this morning a case of considerable interest and importance was taken up before Judge Justice. Mrs. Richard Stewart, of this city, was charged by her brother-in-law, Mr. John Young, 21 so of the city, with the misappropriation of \$1250, which was money belonging to his late wife, who had been a sister of Mrs. Stewart. The latter was a sister of Mrs. Stewart, and it appears that the money in question was in a tin box and was kept in Mr. Young's home. Mrs. Stewart was charged with the misappropriation of the money, which was found in a tin box in her home. The case was taken up before Judge Justice, who found Mrs. Stewart guilty of the misappropriation of the money.

Justice Dowling ruled that Testimony about the Thaw trial, given by Mrs. Evelyn Nesbitt Thaw, was correct—Wittness and Jerome have several exchanges—The story, punctuated by objections from the lawyers.

Mrs. Thaw's story was broken into bits by constantly repeated objections from the prosecutor, who sought to exclude by details from the ground of immorality. The frequent objections led to a conversation with the judge in the court room, after which the examination was resumed.

# For Clean Elections.

Mr. Alcorn introduces Bill to Prevent Corrupt Practices.

Would Prohibit Campaign of Contributions From Cor-  
porations—Checks on Indirect Bribery—Proposed  
Standing Committee on Fisheries—Death  
Penalty for Offences Against Children  
—Carrying of Weapons.

It has frequently been said that  
of a bill by Mr. Alcorn, Com. Prince  
and Mr. Alcorn had introduced a  
series of measures to prevent election cor-  
ruption, and the discussion of a resolu-  
tion of Mr. Sinclair (Lib., Oreg-  
on), N. S., declaring that "in the  
opinion of the committee it is advised  
to appoint a standing committee on  
fisheries, excepted from the bill."

Mr. Alcorn, in moving for a stand-  
ing committee on fisheries, spoke of  
the importance of fishing industry to  
Canada, and claimed that we had a  
practical monopoly of labor in the  
rest of the world, our output being  
valued at \$2,000,000 a year. As to the  
whole output of fish there was re-  
ported last year over \$20,000,000, there  
being a considerable increase in the  
value of the business.

W. F. Maclean (South York) asked  
if there had not been considerable in-  
crease in the fish taken, and, if so,  
the value had increased. Mr. Alcorn  
said that the value of the fish taken  
in the fishing industry, while the  
number in all Canada was 27,000, and  
with the lobster industry 9,421.  
In Nova Scotia 25,000 were employ-  
ed in the fishing industry, while the  
number in all Canada was 27,000, and  
with the lobster industry 9,421.

Mr. Alcorn explained that although  
the bill was introduced in 1890, it was  
not passed. He said that the bill was

Assessment Reform

One of the most important and difficult questions that has been brought before the public is that of assessment reform. The feeling of almost every one is that the present system is a failure and that it is necessary to make some change in the present system. ### NO CHANCE FOR CHIEF.

**Magistrate Made Appeal For Officer**

St. Catharines, Ont., Jan. 25.—For the first time in months the full board of city council met in the city hall yesterday afternoon, when Police Magistrate J. J. O'Connell made a statement. He was heard on appeal against a resolution of the council, passed at its last meeting, to discontinue the use of the word "colored" in the police regulations. The magistrate moved that the word be stricken from the regulations, and on the motion the word was stricken from the regulations. The magistrate's motion was carried.

**Will you support my resolution?**

The magistrate made no reply, but the council voted to support his resolution. The council then passed a resolution to support the magistrate's motion, and the word "colored" was stricken from the regulations. The council then adjourned.

### Conservative Caucus Takes Firm Stand in the House.

#### Not One Dollar Will Be Voted on Supply—Laurier to Make Statement Regarding Papers—Dunsmuir Correspondence Returned—Refusal to Assent to Natal Act—Banking Amendments Proposed

Ottawa, Jan. 25.—Sir Wilfrid Laurier yesterday afternoon brought down the Conservative caucus in the House of Commons. The caucus took a firm stand in the House, refusing to vote on the Supply Bill. The caucus also refused to assent to the Natal Act, and proposed banking amendments. The caucus was led by Sir Wilfrid Laurier, who made a statement regarding the papers of the late Prime Minister, Sir John A. Macdonald. The caucus also returned the correspondence of Sir John A. Macdonald to the House of Commons.

### THE VALUE OF CHARCOAL.

FEW PEOPLE KNOW HOW USEFUL IT IS IN PRESERVING HEALTH AND BEAUTY.

Costs nothing to try.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few know its value when taken into the human system for its many uses.

Charcoal is ready that the more you take of it the better it is for you. It is the most powerful of all the purifiers of the system and it is the most powerful of all the purifiers of the system.

Charcoal effectively cleanses and improves the blood, and it is the most powerful of all the purifiers of the system.

# Newbro's Herpicide

**BENEFITED**  
**Miss Clutter's Hair**  
 Read Her Letter About It:

"I herewith enclose you one of my latest photographs, which will show you what Newbro's Herpicide has done for my hair. It has made my hair much more abundant than it was, and it has that lustre to it that once half always had when the scalp is in a healthy condition."  
**MISS MADELINE CLUTTER.**  
 255 Michigan Avenue, East 21st, Chicago, Illinois.

The immense popularity of Newbro's Herpicide particularly among the better class, is due to the fact that it never disappoints. It does all and more than is claimed for it.

Its delightful fragrance, perfect cleanness and freedom from grease or oil, appeal to the discriminating and its cleansing, refreshing and health-giving effect upon the scalp is immediately apparent.

Herpicide makes the hair light and fluffy and gives it a silken gloss.

Extraordinarily long hair is a gift of Nature that relatively few possess, but not many would complain if they could save Nature's handiwork, for the hair is the crown of the head, and it is the crown of the head that is the most important part of the face. It is the crown of the head that is the most important part of the face.

Newbro's Herpicide is the ORIGINAL remedy that "Kills the Dead, cures the Itchy Scalp, restores the hair, and makes the hair grow again." It is the ORIGINAL remedy that "Kills the Dead, cures the Itchy Scalp, restores the hair, and makes the hair grow again."

Guaranteed under the Food and Drug Act, June 30, 1906. Serial No. 10.

Use Newbro's Herpicide. Application at prominent druggists.

## ARSenic EATERS.

Effects of the Drug on the Syrians, Who Make It.

"Biting of arsenic is common in Syria," said Abas E. Stranet of "The Syrian," a manufacturer of chemicals and drugs. "The Syrians say that arsenic makes men strong and healthy and gives one strength for great exertion, such as running or mountain climbing. Syria, which is in Asia, gives the world vast quantities of arsenic. The manufacture of this drug is indeed the main Syrian industry. They who make arsenic out of it, as a rule, for they say that only the arsenic eaters could live the strenuous life. Those makers and eaters of the drug are healthy. They have a clear color and look much younger than they are."

"The foreman in a certain factory told me that in his boyhood, when he first came to that plant, he was advised to begin to eat arsenic and that his health suffered from the fumes. He did begin, and his first few or three months gave him a sharp pain, like a burn, in the stomach, and this pain was followed by tremendous weakness and a violent disagreeable excitement, but as he does increase in frequency and size the effect became pleasant. There is no longer any pain or excitement. On the contrary, there was a nervous appetite and a mood of joyous activity wherein his youth could do three men's work."

"This chap is the time he got to be thirty was taking four grains of arsenic a day. He looked at that thirty, with his clear pink and white color, no more than a boy, and he was as vigorous as a blacksmith. But he said he would die at that dose or so, that being the age of which all the Syrian arsenic eaters die."

Discreet Silence.

An excellent proof of arsenic was that once given to George Gray, a young Methodist minister, who was a severe boy when he began his work. Within a few days of the time he was offered a half grain of arsenic in his dinner, he was elected to the position of a candidate over several in the Methodist Episcopal church. He was sent to the large circuit in Vermont. As he mounted his horse to set out for his appointed field of work, he found of more than 200 miles, his wife, a Methodist, was a clear cheerfulness and humor, gave him a parting adieu, which he was to remember, and which he often refers to later years.

"Never pretend that you know arsenic," said he, looking up at the youthful rider from under his shaggy eyebrows. "For if you do pretend the people will soon find out that you are really mistaken. Indeed, he added after a moment's pause, "and you will find out that you are mistaken for this they will find out soon enough."

Strainers Made of Men's Hair.

The latter as his pet name took from the arsenic to the door the short locks that he had clipped from the toy appeared, swept up the hair and arsenic and at the door he said, "Has it not yet asked the arsenic with an interested and pleased smile."

"Of course it has," said the barber. "Would it not be arsenic?"

But it that Mr. Hays in Captain Hays' house, and we will travel for a time."

"Paul was quite startled by this revelation, which seemed to him to be an act of self-sacrifice. "It does not look like it," he said, "but I am not sure."

"You are rich now through your property," said the other man.

"The Norman money has nothing to do with me. And I am sure that I have no share in the plan," said Mr. Hays.

"Which is now," interrupted the detective, "and we will travel for a time."

"There were only two, Givay said with a smile. Of course if you meet him you won't tell him what I have told you."

"You shall, and thanks for the warning," said Paul.

"The two parties, Hurd went away to have the bill printed, and Paul returned to his room."

"With this," said Paul, "I have secured the money for my early marriage."

"The money was not to be used for the marriage of the girl," said Paul.

## PETITION ASKING LICENSE REDUCTION PRESENTED TO COUNCIL LAST NIGHT— SPECIAL MEETING TO DISCUSS MATTER TO BE HELD NEXT MONDAY EVENING.

Looks as Though Council Will Sidestep by Gracefully Submitting By-Law to the Electors—  
Figures Presented Which Show that Belleville is one of the "Wettest" Places in the Province.

The attendance of a number of city council members, two public and many citizens at the regular meeting of the City Council last evening made it evident that the meeting was of great interest to more than ordinary interest.

All the members of the Council were present.  
A number of communications, etc., were read, including a largely signed petition asking for a reduction of the license on the Waterworks from \$100 to \$1000, that when the license is reduced from \$100 to \$1000 the license fee from \$100 to \$1000 is increased from \$100 to \$1000.

After the petition had been read by the Clerk, Mayor J. E. Thompson stated that the matter, so far as the city was concerned, was not a matter of license, but a matter of public utility, and that the city was not in a position to take any action on the matter.

Mr. J. E. Thompson stated that the matter was not a matter of license, but a matter of public utility, and that the city was not in a position to take any action on the matter.

COMMITTEE OF THE WHOLE.  
Council met last night at the usual hour for the purpose of considering the petition presented to the Council last night.

The report of the various committees was read and the following resolutions were adopted:

A resolution was adopted asking the Council for a grant to the Children's Hospital, Toronto, for the purpose of purchasing a new building for the hospital.

## PRAIRIE BARONET.

Heir to Old English Title Sought Among Cowboys.

Where is the Gravel Cave-Browne Cave, heir to one of the oldest baronies in England? That is what the British Ambassador, after endeavoring to find out.

The missing baronet of a family which in the past has controlled representatives to army, navy, and church. Right back to the conquest do the Caves trace their lineage. Wymanus de Cave having come over in the train of Norman William. It was, however, an alliance with trade that brought the family most of its wealth, one of the younger sons marrying the heiress of Sir John Browne, one of London's lord mayors. This branch of the family adopted the English name, and became Cave-Browne, while when the elder line died out and the baronetcy passed to the younger branch, the name of another byline was added, and the family became the Cave-Browne-Cave.

Sir Graille was only the second son, but his elder brother, who was 12 years his senior, died in 1800, when the missing heir was quite a boy. The latter was sent to sea on the navy at the age of 12, and was serving in a gunboat on the Austro-Italian coast when the whole crew was wrecked in a gale. Young Graille and the other officers were practically adrift on board for several weeks.

He left the navy, and enlisted in a Highland regiment, afterwards exchanging into a cavalry regiment, and took part in the second Nile expedition under Lord Wellington, and subsequently served in India.

He used to tell of a desperate struggle with some Pathans in a night attack, when he saved the life of an old fakir, which cost him a leg.

He had a good deal to do with the fakir, and he bears the scar yet. The fakir, grateful for his help, got him out of the danger zone by killing practically all the men, whom he knew well.

After the death of Cave-Browne-Cave appeared in England he was a tall, broad-shouldered, muscular man with a manner that attracted every body, and he was a great favorite with the ladies at the time, but he had a good deal to do with the fakir, and he bears the scar yet.

Graille, angry at his fate, walked for miles at night in the Chinese railway station, and was a victim of the Hong Kong. He spent some time in Hong Kong, and then he was sent to Hong Kong for a New York firm.

When the Boer rebellion broke out he was sent to the front with the D. O. B., and then made his way to America, and the next day he was heard of him he was a cowboy in the morning.

Armed. Later on he was discovered on the pavement in Kansas City. Then he inherited \$100,000, and was reported to have settled on a large estate with his own money, and the shattered fortunes of his house.

But when his father, Sir Graille, died in January, 1907, the wanderer could not be found, and though efforts were made in all directions no trace of him was discovered by the searching parties of his house.

The search for Sir Graille aroused the greatest interest in the district between Port-Port-Trent and Ashby de la Zouche. Sir Graille, a resident of Sturton Hall until financial troubles overtook him, was the father of the missing baronet, who has given instructions for the control of his English estate. He prefers to keep his secret address a secret, so life in the old country has no charms for him.

Year's Lifespan Work. The weather throughout the year 1907 was thoroughly unsettled. Strong winds, storms, and gales, accompanied frequently by very heavy rain, constantly occurred the year in and the year out. As a result, the life of the year was a very bad one. The weather was called out for service unusually often, and were frequently the happy means of rescuing hundreds of men, women, and children from a watery grave on the roads of the 19th February. The heaviest gales of the year 1907 occurred on the 19th February and the 13th-14th December. On the first occasion 10 lives were saved. Prisoner—Yes, your honor. "What happened there at that time of night?" "I thought it was not my house."

"Then they did you, when this lady came in with her dog and my house?" "Your house, I thought it was my house."

STOPPED THE YELPING. Rostand's Patient Who Had Great Power Over Animals.

The famous Rostand had completed his beautiful villa at Barone. He was on the verge of a nervous breakdown because of his inability to sleep. "I was a Paris paper," says a Paris paper. "The Rostand of the story, however, and the charming marvellous worst warden, and after a few days had passed the weary winter was able to sleep, and his friends looked for his speedy return to good health. But a dog blocked the progress of the cure. One day the dog began to bark, and in a short time dogs in all directions answered, and the concert kept up until day broke. All efforts to locate the mischievous animal failed. Every night at the same time the barking began, and no one could suggest a remedy. One day one of the servants told the master that a nearby village had had great power over dead animals—possibly he might help. He was called, a large reward was promised, and the barking ceased. A few weeks after the reward had been collected Rostand was again disturbed by the dog, and the incident of the same sickness began. The peasant who was called, and Rostand said, "You must be well acquainted with the ways of animals to have been called to stop such a noise."

The man boasted under the influence of the dog, and the incident of the same sickness began. The peasant who was called, and Rostand said, "You must be well acquainted with the ways of animals to have been called to stop such a noise."

## Prevents Catarrh

All the natural cavities of the body—(nose, mouth, etc.) are lined with a mucous membrane. This membrane is very delicate. The least exposure irritates and inflames it—causing it to pour out the fluid mucus. The next stage is a cold. The next stage is a cough. Gray's Syrup prevents Catarrh because it breaks up the cold and cures the cough. Keep a bottle on hand this winter to cure coughs and colds and of Catarrh altogether. Sold at all dealers. 50c and 75c.

Relieves Colds—Hoarseness—Cold in the Head—Coughs—Bronchitis—Asthma—Pain in Chest—Night Coughs—and permits Restful Sleep.
